

Schedule B

<p style="text-align: center;">University of Alberta – GSP Student Course Equivalents Shandong University General Study Program Effective 2023-2024</p>
--

Note 1: Where a course equivalent is noted as “1XX, 2XX, 3XX”, it means that non-specific credit is given at a particular level of study. The credit will still count towards their degree, however it is not directly correlated to one course at the U of A. Non-specific credit does not replace required courses – for example, if they receive transfer credit in PSYCH 2xx, they will still need to take PSYCH104 and 105 at the U of A prior to being able to take further PSYCH courses that have PSYCH 104 or 105 listed as a pre-requisite.

Note 2: Transfer credit will be counted towards a student’s U of A degree according to the program they are registered in.

Note 3: This list is subject to change.
